Web Developer

[github.com/GolfGrab](https://github.com/GolfGrab)

## PROFESSIONAL SUMMARY

Thai college student with a strong interest in web development. I have experience with languages such as HTML, CSS, JavaScript, TypeScript, and others, and have built several projects using the React library. In my free time, I enjoy watching tech YouTube videos to stay up to date with the latest technologies. I'm always looking for new opportunities to learn and grow.
